About

Java-focused backend developer in training with a computer science and engineering background from KTH and hands-on experience in structured problem solving, automation, and collaborative development environments. Currently studying Java development with an emphasis on Spring Boot, RESTful services, databases, and agile software practices.

My background spans machine learning, R&D, finance, and production environments, where I worked under high pressure, automated workflows, and ensured accuracy in complex systems. Seeking a summer internship, LIA placement, or graduate-level role where I can deepen my Java backend skills and contribute to a professional software development team.

Technical Skills

Java, Python,
JavaScript, TypeScript, React,
Spring Boot (REST APIs, JPA, Spring MVC,
Spring Security),
SQL, MySQL, PostgreSQL,
Git, Maven,
ML, TensorFlow, PyTorch, Keras

Experience

Ericsson – Machine Learning Internship (Jan 2024 – Jun 2024, Stockholm)

- Data analysis, model evaluation, and feasibility studies in an R&D; environment.
- Worked with structured problem solving and automation in a large-scale engineering organization.

Film Production Finance ISTOS film – Feature Film “The Crossing” (Jan 2023 – Jan 2024)

- Production finance for an award-winning feature film (Berlinale).
- Cross-functional collaboration in time-critical environments.

KREK Film – Production Finance (Netflix Original) (Aug 2022 – Sep 2023)

- Responsible for production financing for a Netflix Original series.
- Automated parts of finance and accounting workflows.

Lund University – Center for Middle Eastern Studies (2011 – 2014)

- Administrative and Project Assistant.
- Teaching and Research Assistant.
- Fieldwork Research Assistant – conducted semi-structured interviews for book research.

Education

- Java Developer (Yrkeshögskoleexamen) — Jönköping University (Aug 2025 – Jun 2027)
- MSc Machine Learning — KTH Royal Institute of Technology 2020- (Coursework completed, thesis pending)
- BSc Computer Science and Engineering — KTH Royal Institute of Technology 2017-2020
- MA Middle Eastern Studies— Lund University 2014
- BA Economics/ International Relations Double Major— Istanbul Bilgi University 2009
